

CF0121 Series one channel video link EOL Announcement

September 2012 – For immediate release.

Teleste announces end of life for CF0121 series fiber optic video links, effective on 31st of December 2012. Discontinuation is due to constricted component availability. The CF0121 series have been on the market place since December 2004.

Items affected

CF0121, 1-ch video link with data and audio, Multimode fibre	
CMT121	Standalone video transmitter incl. data, audio and CC
CCT121	Standalone video transmitter incl. data, audio and CC
CRT121	Rack mount video transmitter incl. data, audio and CC
CMR121	Standalone video receiver incl. data, audio and CC
CRR121	Rack mount video receiver incl. data, audio and CC

Closing period and later support

The last order date will be 3rd of December, 2012. Production of this series will be terminated at the end of 2012. After closing period the spare part support and maintenance service for the units in question is provided by the Teleste Repair Service according to their terms and conditions at time.

Replacement

Replacement for similar type operation can be chosen from the new CF0160 series. In addition to single channel video operation the link is supporting following additional subchannels; 3 x RS data, 2 x audio, 3/2 x contact closure and 1 x Ethernet Bridge.

The optical operation is based on removable SFP transceivers (non-compatible with CF0121 series optics). For operation over multimode Teleste shall have the following ordering items available in Fall 2012.

CF0160, 1-ch video link with 3 x RS data, 2 x audio, 3/2 x cc and 1 x Ethernet Bridge, Multimode fibre	
CMT160S	Standalone video transmitter (in CMA025), 2-fibre operation, 2 km
CRT160S	Rack mount 10HP video transmitter, 2-fibre operation, 2 km
CRR160S	Rack mount 10HP video receiver, 2-fibre operation, 2 km

Note! By selecting a different type SFP transceiver a various selection optical transmission methods are available.

Please check the latest sales material and price lists or alternatively contact your nearest Teleste office for more information.
