October 2007 – For immediate release

**CFO401 AND CFO422 SERIES – EOL AND REPLACEMENT ANNOUNCEMENT**

Teleste announces the end of life for multimode fibre operated 4-ch video modems of CFO401 and CFO422 series due to soon scheduled launch of new similar designs. End of Life date of above models is set to the end of February, 2008.

**Items affected**

- CRT401, 4-ch video transmitter, 1 x MMF, 10HP card (also SA version CMT401)
- CRT422, 4-ch video transmitter with data & audio, 2 x MMF, 10HP card (also SA version CMT422)
- CRR401, 4-ch video receiver, 1 x MMF, 10HP card
- CRR422, 4-ch video receiver with data & audio, 1 x MMF, 10HP card

**Closing period and final orders**

End of Sales date will be February 1st, 2008. After this date the above listed products are no longer available from Teleste sales. Maintenance service and spare part availability shall be operated by Teleste after sales department according to their valid conditions to the date.

**Replacement**

The new models are available in similar product format and are compatible with existing CFO installation mechanics. Product details including availability and pricing information shall be released to the market during November 2007. Currently the new proposed items codes shall be;

- CRT421, 4-ch video transmitter with Ethernet, data & audio, 1 x MMF, 10HP card
- CMT421, SA model of above mounted into CMA021 module adapter
- CRR421, 4-ch video receiver with Ethernet, data & audio, 1 x MMF, 10HP card

There shall be no direct replacement for the CFO401 video only link model. A related model for short haul transmission i.e. CFO411 series shall continue with normal availability.
