July 2004 – For immediate release

CFO500 SERIES – EOS AND EOL ANNOUNCEMENT

Teleste announces the End of Life of the CFO500 Series, effective immediately. This is due to unexpected component availability. However, there will be a limited last-time-buy opportunity to allow additional purchases for those customers that are not able to utilise the recommended replacement.

Please review thoroughly the information below for details regarding products affected, timelines for purchase and support and suggested solution alternative.

The CFO500 has been on the market place since 1993.

Items affected

CRT531	1 ch Video Transmitter, 1310 nm / -7 dBm
CRT541	1 ch Video Transmitter, 1310 nm / +2 dBm
CRR531	1 ch Video Receiver, 1310 nm

Closing period and final orders

The final order date is August 30th 2004, after which the products are no longer for sale.

Replacement

The recommended replacement is CFO131. The functionality of the CFO500 is replaced with CFO131, which offers in addition to high quality video transmission, additional transmission of audio, data and CC at a lower price.

	Link Budget	Distance	Link Price	Video SNR	Data	Audio	CC	Size	Current Consumption
CFO500	20 dB (CRT531)	>50 km	€1595	>58 dB	No	No	No	5HP x 3U	150mA (Tx) 260mA (Rx)
	29 dB (CRT541)	>70 km	€1815						
CFO131	26 dB (CRT131)	>60 km	€1550	60 dB	Yes	Yes	Yes	10HP x 3U	600mA
	26 dB (CRT151)	>100 km	€2275
