

Enlighten Pole Mount Distribution Point Series - TEN-FAB1, 24F Outdoor, Aerial

ENLIGHTEN 24-Fibre Aerial PMDP

Exclusively designed for aerial pole mounting, optical splitting, termination of aerial drop cables and branch splicing of FTTH distribution cables. The 24-fibre PMDP offers convenient installation capabilities and is designed for long term performance.

Features

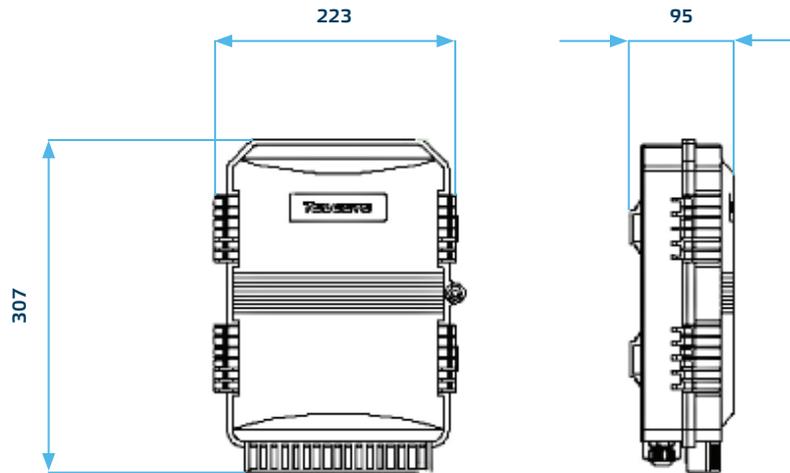

- Cover with hinge that opens beyond 180 degrees, can be removed and secured in position so it does not fall. Allows convenient splicing of connections while the box is mounted.
- Splice tray holder with hinged trays. Allows easy access to each splice without disturbing other fibres.
- Hosts up to 3 – 1x8 splitters and provides 8, 16 or 24 connectorised splitter outputs and adapters.
- Back plate for 36F ULW cable slack management.
- Designed for long term performance - waterproof, dustproof and manufactured in anti-aging material - the Teleste PMDP is an optimal, rugged IP65 connectivity solution.
