Optical Distribution Frame Series - TEN-ODF4 - 24/SC 48/LC 1U

enlighten
1U ODF - Slidable Drawer

Telestes Optical Distribution Frames are compact and of high quality providing ease of installation and ultimate design for interconnect or cross-connect applications. TEN-ODF4 features a slidable drawer with a replaceable front panel that fits the most common adapter models.
Features

- The drawer is slidable providing optimal access to the splices for repair and maintenance. Even when the shelf is fully patched.
- We supply adapters and pigtails as options. These are installed and tested in the factory to ensure quality and minimise installation time of products.
- All our adapters and pigtails are tested to industry standards and undergo quality assurance checks.
- Our frames are lightweight but robust.
