ONU Mounting and Protection - TEN-FWO14

enlighten ONU Mounting Plate

This mounting plate is designed to provide a secure fixing point for different sizes of ONU to be mounted onto the walls inside a property. It also provides support for incoming cable management and fibre splicing, all held discretely under a cover which forms the basis to mount the ONU on to. The mounting plate is designed to fit over existing wall mounting boxes and use the same fixing centres to attach this mounting plate in place of the existing wall box cover.

Features

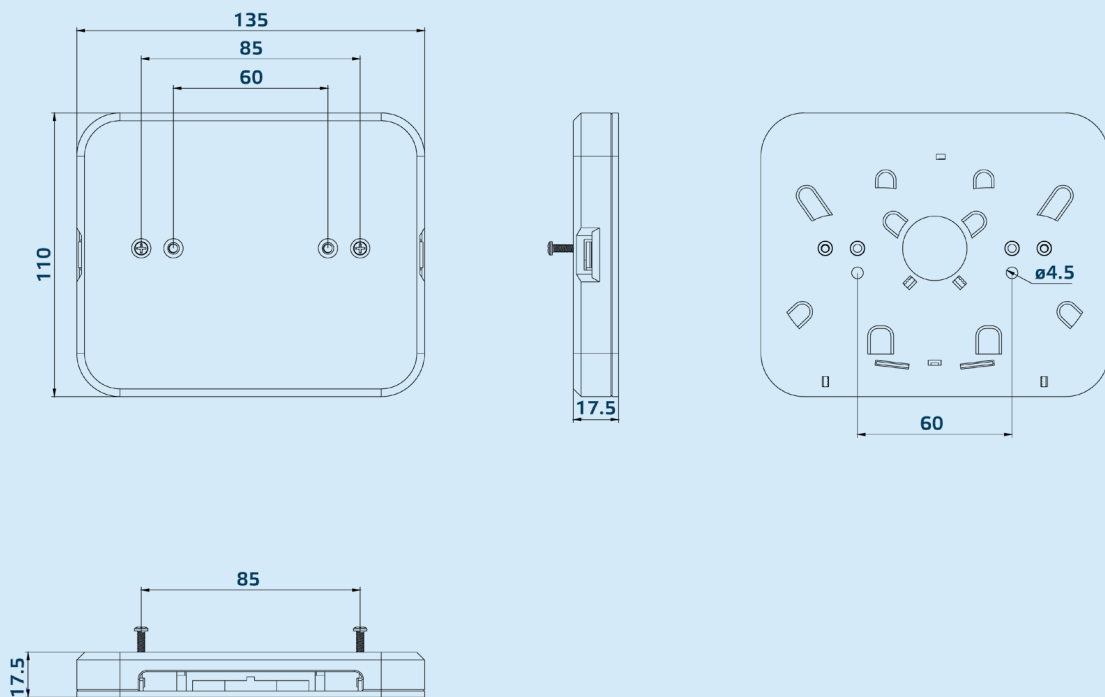

- Secure ONU mounting onto a wall.
- Supports different size ONU's.
- Multiple ONU securing points.
- Incoming fibre cable management and spare coiling.
- Fibre splice holder position.
- Single fibre adapter.
- Fits onto back box using same fixing positions.
- Replaces back box cover.
