MDU ACCESS

FTTx MDU Solutions

Offering and capabilities overview

Teleste have a full range of product solutions to suit all types of MDU installations. Encompassing basement distribution enclosures and protective metal lock boxes to install them in for extra protection as needed, along with vertical and horizontal distribution enclosures. At the apartment door we have a range of premise entry boxes and for inside the apartment we have a wide range of fibre outlets, spool reels with fibre pre-loaded, ONT mounting & protection enclosures. To connect all these various outlets and enclosures we offer different types and fibre counts of internal & external distribution and subscriber cables along with pre-terminated ferrule push cables to make installations easier.

TELESTE

MDU EXCELLENCE EFFICIENT FTTx SOLUTIONS

Teleste have a wide range of flexible and efficient wall enclosures for internal and external mounting applications, making MDU installations and customer connections easy and quick to achieve. Our enclosures are designed for the needs of vertical and horizontal cabling systems in all MDU types.
