

IP68-rated customer connection enclosure

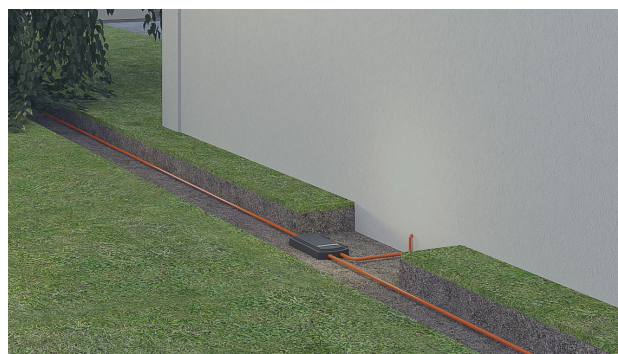

CONNECTING HOMES

enlighten TEN-FMN2

The TEN-FMN2 is a unique IP68-rated customer connection enclosure designed for up to two customers, either using adapters or direct splicing, with support for pass-through cabling. It accommodates up to 14 splices in clip-in modules fitted to the enclosure base. The enclosure is highly compact and can be directly buried in the ground or placed in our specially designed handholes, which support both surface and below-ground installation.

Features

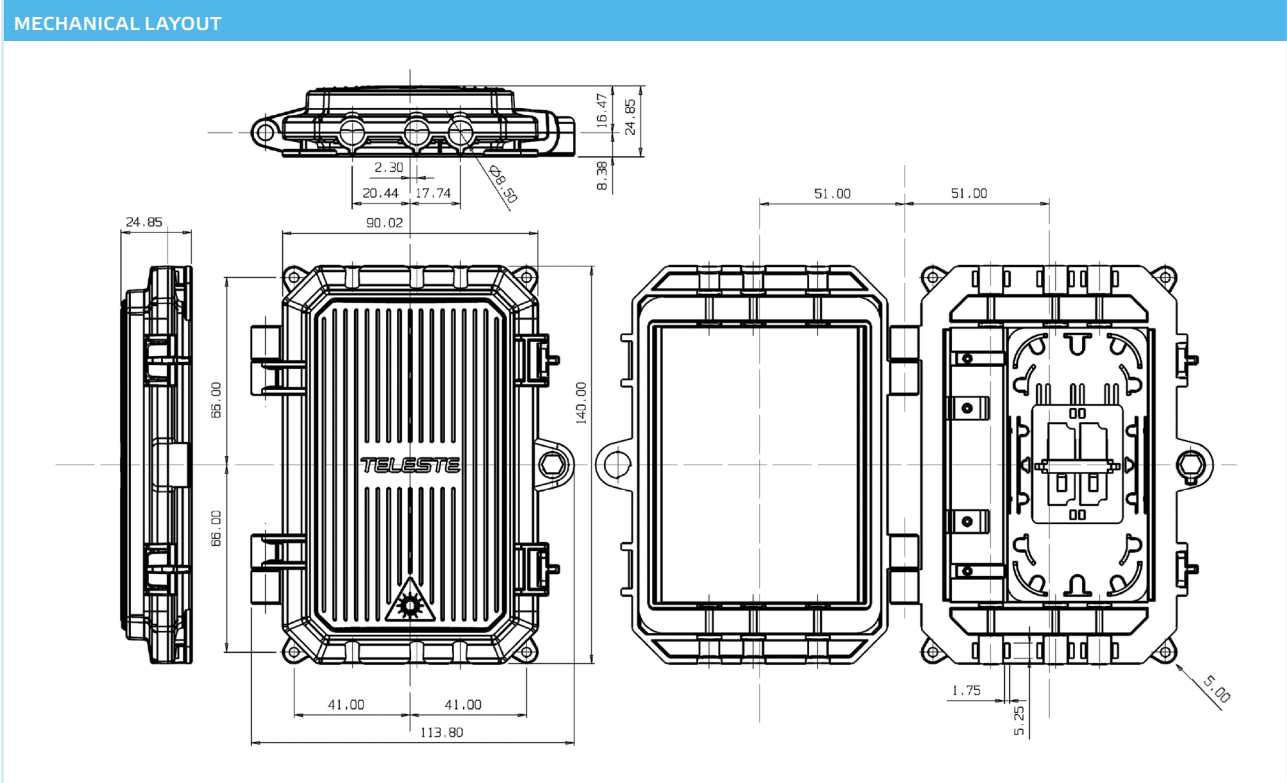

- Ultra-small and compact enclosure
- Suitable for outdoors mounting, IP68-rated
- Unique and flexible sealing system ensures straightforward installation
- Supports up to 6.8 mm cables and up to 2 fiber drop cables
- Baseplate for fiber routing and management
- Splice holders support 4 fusion splices (2 double stack)
- Clip-in splice module supports 14 splices
- Pass through cabling support
