

IN-HOME NETWORKS

enlighten **TEN-FW02G** FTTH WALL OUTLET

This FTTH Wall Outlet is designed to terminate installation cables to pigtails, serving as an interface between the network and the customer device. It supports both SC Simplex and LC Duplex adaptors and features easy customer port identification on the lid for simplified use.

Features

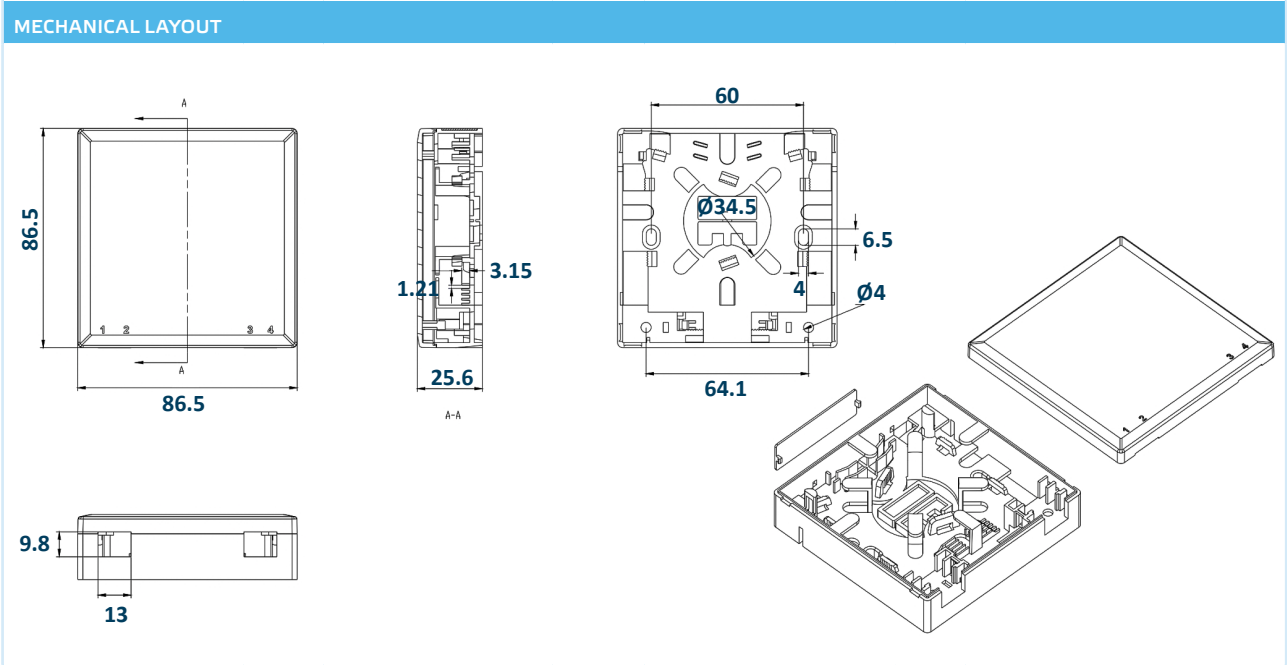

- The outlet is suitable for FTTH applications in both Multidwelling Units (MDU) and Single-Family Units (SFU)
- Compact two-parts design (body and cover), suitable for swift and easy wall mount
- Capacity for 4 heat-shrink splices and 4 crimp splices
- Supports both SC Simplex and LC Duplex adaptors
- Numbered customer ports (1–4) for quick identification
- Window label for customer information incorporated
